Governor**

**Guwahati, July 1:** With a view to give implementation of National Education Policy (NEP) 2020, a new momentum, Assam Governor Gulab Chand Kataria held a daylong meeting with the directors and heads of the institutions of higher education institutions to assess their preparedness on the implementation of NEP 2020 in Raj Bhavan today.

Addressing the meeting, the Governor said that the need of the hour is to effectively implement NEP 2020 in letter and spirit. He, therefore, advocated for meticulous planning and synergy among all the stakeholders for effectively rolling out the policy. He also expressed satisfaction on the fact that various components like student teacher ratio, male female literacy ratio have been performing well which according to him would augur well in the qualitative improvement of education in the state.

The Governor said that the Directors and VCs, have knowledge and rich experience which should be used to uplift the qualitative dimension of education and aligning the provisions of new education policy to meet the needs of the state. He said, “We should learn from our experiences and try to implement the NEP 2020 effectively so that our young generation gets the optimum benefit of the policy”. Moreover, considering the divergent needs of the present day society and the fact that multidisciplinary approach of education can fulfill the needs of the society, the Governor asked the Directors and VCs to implement all the provisions of the NEP to realize multidisciplinary vision outlined in the National Education Policy 2020.
