

Governor visits the Assam Royal Global University

Guwahati, May 10: Assam Governor Gulab Chand Kataria visited Assam Royal Global University today and interacted with the teachers and students.

The Governor during his interaction said, "Teaching is the most pious and noble profession. Since ancient times, the educational institutions have been referred to as the temple of knowledge and the Gurus are revered for spreading knowledge. The Guru makes the students worthy and shapes them to face the world. A teacher teaches a student to weave a world for himself".

Shri Kataria also said that teaching is a profession which leads people on the way of progress and prosperity. No development would have been possible if there had been no teacher. The essence of civilizations and cultures are due to the teachers. They should inculcate the values of 'service to humanity' in the students. They should guide them to contribute for the society and the nation.

The Governor also stressed that honesty is one of the crucial assets and every student must adopt it. He also underlined the importance of time and said that it is the most precious resource and urged upon the students to make the right use of it.

The Governor also hailed the efforts of the institution and said that its dedication in providing a balanced education will propel the students to the forefront of knowledge dissemination.

Chancellor of RGU Dr. A.K.Pansari, Vice Chancellor of the University Dr. S.P. Singh were also present during the visit of the Governor to the University.
